Forest of Scholars : <https://ura.sec.tsukuba.ac.jp/unit-members?kid=20201907>

Kakenhi : 20201907

Orcid : 0000-0002-3361-7715

Affiliation : Faculty of Medicine, University of Tsukuba

Theme

International Community Care and Lifespan Development: Empowerment Sciences
Our mission is to realize “A world of possibilities” for all.

Keyword Empowerment, Community, Lifespan Development, SDGs, Health Promotion and Care

Highlight

Major Scientific Interests of the Group

- 1) Community empowerment
- 2) Plasticity of lifespan development and implications
- 3) System sciences for health social services

Projects for Regular Students in Doctoral or Master's Programs

- 1) Cross-Cultural Perspectives on Community Care and Health-Social Services
- 2) Lifespan Development and Environment
- 3) Health Promotion and Community Empowerment
- 4) Child and Elderly Abuse Prevention
- 5) Human Interface with Universal Design: Artificial Intelligence, Assistive devices, Housing, and Community Environments

Study Programs for Short Stay Students (one week – one trimester)

- 1) Cross-Cultural Perspectives on Community Care and Health-Social Services
- 2) Health Promotion and Community Empowerment

A world of possibilities!

Amely@Empower Science Lab

Applications and Prospects

- We enhance the knowledge and skills for empowerment, produces evidences, and delivers all over the world, with clients, residents, practitioners, researchers, educators, and policy makers, etc.
- We expand networks using self, peer, community empowerment, to make a better world.
