

Researcher Matching Project; Will you meet your potential collaborator?

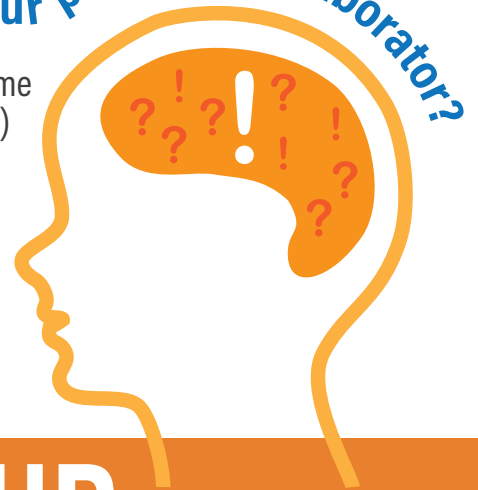

In need for collaborators to advance my current (research) topics and test new ideas.

Anyone interested in using my products?

In search for instruments/techniques necessary for my (ongoing) project.

Looking for solutions to help me resolve my ongoing (research) issues.

Interested in submitting collaborative grant with potential collaborators.

WILL YOU MEET YOUR Researcher Matching Project for TGSW 2020 POTENTIAL COLLABORATOR!

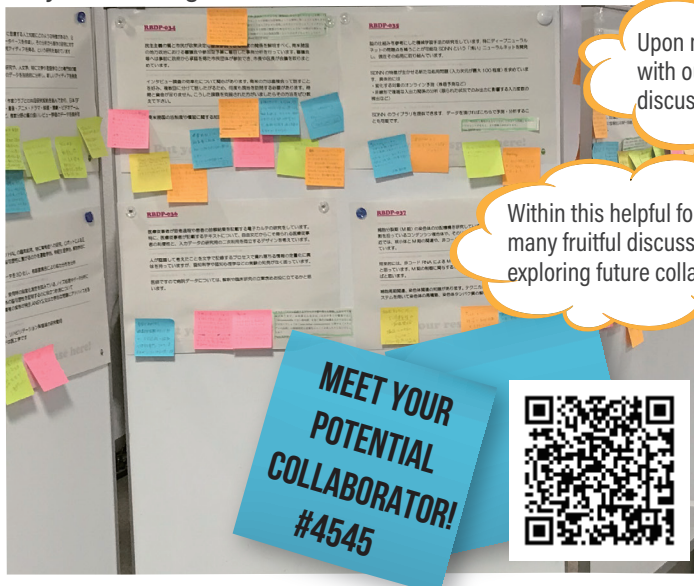

Facilitation session in TGSW 2020

16:00-18:00, **Sep 29**, 2020

9:00-11:00, **Sep 30**, 2020

Web-site open (Accepting posts)

Anyone coming to each venue can leave a comment !

Voice from participants

Upon meeting, we started with our monthly sessions to discuss our joint project(s).

Within this helpful format we had many fruitful discussions on exploring future collaborations.

I am a member of an engineering department and was able to get in contact with a researcher with whom we are now collaborating on the development of (particular) medical device.

After getting in contact through this project we promptly started our grant proposal.
