## University of Tsukuba Webinar

Publish fast. Openly. Without Restrictions.

### About the Webinar

---

The University of Tsukuba Gateway welcomes submissions from traditional research papers to protocols, registration reports, data notes, case studies including physical sciences, biology, medicine, social sciences, arts, and humanities, etc. In addition, there is an option to publish in English or Japanese for those majoring in the humanities and social sciences.

This time we invited the researchers to share their experiences with the new multilingual open research publishing of University of Tsukuba gateway.
